

3x D2C merchants in 2 years

COVID lockdowns were a heyday for D2C brands

3x CAC increase for D2C

iOS14 & privacy legislation broke digital advertising

**Wholesale *is* marketing that
brands get paid for.**

Offline touchpoints drive online sales

Today, wholesale is *passive*.

Sit at trade show, Wait on Faire, Pray someone buys

Wholesale enablement software market for US-based D2C brands
(monthly SaaS subscription + 3% commission)

Marketplace is a black box.

No idea why sales happened.
No way to increase sales.

B2B tools have no discovery.

Top of the funnel is missing.
You are on your own.

**We enable brands to
create a
growth flywheel .**

***“Oversee makes finding and building
profitable retail partnerships
feel like magic”***

Q&A

What types of brands love Overseer?

Niche, Discovery-oriented, Mid-to-large

- **Discovery vs Replenishment**
 - Consumers browse beauty/fashion not eggs/milk
- **High gross margin**
 - Easy to produce, hard to get attention
- **Low shipping cost**
 - Shipping to many SMBs vs relying on bulk logistics
- **Luxury**
 - Have to be VERY selective about who to partner with
- **Specialized vs Generic demand**
 - Niche brands only do well in specific places

Why can't Faire do this?

Counterposition.

- Must **own** brand-retailer relationships
- Designed for **small makers**
- Mutual discoverability would **endanger** their business

- **Platform agnostic** wholesale
- Designed for **\$5M+ sales brands**
- Built-in **mutual discovery** based on location analytics

Will digital CAC become viable again?

It might get better...but not by much

- Main cause of rising digital CAC is inaccurate targeting.
- Targeting will only get worse:
 - Chrome removes cookies in 2024
 - At least 35 states and the District of Columbia in 2022 introduced or considered almost 200 consumer privacy bills in 2022

Where does \$2M come from?

Series A Metrics & >24mo runway

Next milestone:

1000 paying brands, \$2M ARR from SaaS fee

- 1 product engineer (integrations)
- 1 data/ML engineer (recommendations)
- 2 account managers (B2B hand-holding)
